

Stunning Smiles of Las Vegas Commitment to You

The team at Stunning Smiles of Las Vegas is passionate about providing personalized, high-quality care for each and every one of our patients. We are committed to offering the best solutions possible to maintain and treat your personal oral health, allowing you to make informed decisions about the care you receive. Our goal is that your oral health isn't restricted by finances, but is instead a decision based on your health and smile goals.

Why the Need for A Savings Plan?

Many of our patients may find themselves without dental insurance; and for those with insurance benefits, they often find that their insurance carriers are frequently adding restrictions or limitations to their policies. In our experience, often times an insurance company may limit the treatment a patient can receive regardless of necessity or the doctor's recommendation. Unfortunately, this often leads to unexpected out-of-pocket expenses.

Our savings plan aims to remove the barriers preventing you from receiving necessary care and allow you to opt-in to outstanding dental care without the need for traditional dental insurance. Stunning Smiles of Las Vegas Savings Plan is a prepaid yearly plan designed to help offset the cost of dental treatment and is an excellent choice for those who do not wish to leave the decisions of their dental health up to anyone but themselves.
